

April 22, 2009

Dear Middle School Families,

This letter is to inform you that Nordonia Middle School, although designated as an Effective School, is in School Improvement Status Year 1 (delay). Our School Improvement designation means that although we met the Ohio Standards for Adequate Yearly Progress in mathematics for students with disabilities in 2007-2008 we did not for the previous two years.

Our 2007-2008 local report card shows that we met 6 out of 8 indicators and our performance index score was 98.4 out of 120 possible points. Our local report card is available on our website [www.nordoniaschools.org](http://www.nordoniaschools.org) and shows how our district compares to other districts in the state.

Our district and Middle School Continuous Improvement Plan (CIP) includes meeting Adequate Yearly Progress as one of our goals. Please contact Dave Wilson at 330-467-2584 or Irene Beville at 330-9906-6209 if you have any questions.

Sincerely,

Irene Beville

Director of Curriculum and Instruction
