

Curriculum Advisory Council (CAC)
Agenda November 15, 2012
5:30-7:00 PM

Dinner served at 5:15

Welcome and Introductions start at 5:30

High School Committee Presentations:

1. How do we ensure that our students are not at a disadvantage as a result of not weighting honors classes? Should Nordonia High School weight honors course? What are the advantages / disadvantages? What are other school districts doing? What does the research say? Do colleges really reweight GPA?
2. With the new credit recovery program, which grants semester credit, should Nordonia High School grant semester credit? How do we insure that students who receive an extremely low semester grade are not in a position where they cannot pass the year? How do we insure that we do not lock a student into a failing grade for a semester?
3. With the community service requirement for graduation, how do we make this beneficial for Nordonia students without setting the program up for failure?
4. The credit flexibility policy is two years old. What changes should be made to the policy?
