

NCAA Eligibility Acknowledgement Form

If your student wishes to participate in a Division I or Division II athletic program in college, there are specific rules and requirements designed by the NCAA that may differ from your high school graduation requirements. Please take the time to research these NCAA requirements because there may need to be changes made to your course selections in high school in order to ensure your eligibility in college.

All perspective athletes **must register** with the NCAA Clearinghouse by the fall of their senior year, however, you may register before that time. You must complete this process at <http://www.ncaa.org/wps/portal>. This link is also available on Nordonia High School's website in the Guidance section.

Please submit the following information acknowledging your receipt of this letter regarding NCAA eligibility requirements.

Student name: _____ Date: _____

Parent name: _____ Date: _____

Sport(s): _____

I acknowledge receipt of this information.

I have already registered my student with NCAA.
